Career Objective

I am a Computer Science undergraduate specializing in Artificial Intelligence, with hands-on experience in web development and machine learning projects. I enjoy solving real-world problems through technology and am currently seeking an internship where I can contribute my skills in MERN stack development and AI/ML while learning from industry professionals.

Education

- Computer Science Engineering (AI & ML)
- Nutan College of Engineering and Research, Pune
- Pass out Year 2027
- CGPA: 7.4/10

Experience

Front-End Web Development Intern:

Edunet Foundation (AICTE–IBM SkillsBuild Program) | Remote Aug 2025 – Sep 2025

- Developed responsive and user-friendly web pages using HTML5 and CSS3.
- Implemented the project under mentor's guidance for final submission.
- Improved practical knowledge of web development.

Skills Used: HTML5, CSS3, Bootstrap, Responsive Design, Web Development

Virtual internship on Conversational Data Analysis with LLMs:

AICTE & VOIS for Tech | Remote Sep 2025 – Oct 2025

- Participated in the AICTE-approved internship program (Batch 1-1121).
- Gained hands-on experience using Python, Pandas, and data-handling techniques.
- Applied programming concepts to solve real-world tasks and improve analytical skills.
- Enhanced understanding of industrial workflows and collaborative learning.

Skills Used: Python, Pandas, NumPy, Scikit, Matplotlib, Data Analysis, Problem Solving

Technical Skills

- **Programming:** C, Java, Python (applied in machine learning and data analytics tasks), HTML, CSS, JavaScript, MySQL
- **Frameworks/Libraries:** React js (used to build interactive front-end projects), Pandas, NumPy, Scikit, Opencv, Bootstrap
- **CS Concepts:** Data Structures and Algorithms (in C, Java), Object Oriented Programming (Java), DBMS, Machine Learning
- **Tools:** Git, VS Code, Jupyter Notebook

Soft skills

- Profound Communication
- Leadership skills
- Problem-solving
- **Languages:** English (Fluent), German (A2 Level)

Projects

- **Travel and Tourism Website:**
Created and designed an entire travel website with interactive features and attractive design using HTML, CSS, JS, Bootstrap, PHP, MySQL
- **Real time Weather App:**
Created a real-world app using weather API which shows the real time weather forecast of Geographical locations across the world with an attractive UI using HTML, CSS and JavaScript
- **Facial Emotion Recognition:**
Developed a Streamlit-based web application for emotion detection from images and live webcam. Implemented CNN models using TensorFlow/Keras with OpenCV-based face detection and real-time prediction.

Certifications

- Machine Learning, by AWS Training & Certification – June 2025
- Green Skills & Artificial Intelligence Workshop, Shell India and Edunet Foundation- Nov 2024
- Artificial Intelligence Fundamentals – IBM SkillsBuild (Jul 2025)
- Web Development Fundamentals – IBM SkillsBuild (Oct 2025)
- Introduction to Kali Linux Basics – Kali Linux (Jun 2025)
- Data Analytics Job Simulation – Deloitte (Forage) (Dec 2025)
- GenAI-Powered Data Analytics Job Simulation – Tata Group (Forage) (Nov 2025)

Achievements & Extracurriculars

- **Sports Achievements:** Represented in Kabaddi, Cricket & Wrestling at intercollegiate and district level.
- **Leadership Positions:** Led teams in college tech fests and workshops.
- **Hackathons&Workshops:** Participated in AI/ML workshop by Shell & Edunet Foundation, Qualified Internal SIH 2025
- Attended IIT Gandhinagar's Amalthea 2024
