Career Objective

Computer Engineering student seeking leverage technical skills and entrepreneurial mindset to contribute to innovative projects. Proficient in Java and C++, and passionate about building solutions that make an impact.

Education

10th

State Board | Year: 2021 Percentage:
94.20%

12th

State Board | Year: 2023
Percentage: 71.83%

BE - JSPM's Bhivarabai Sawant Institute of Technology and Research, Wagholi
Savitribai Phule Pune University | Year: 2027 |CGPA: 9.2

Projects

1. Compete hub

Technologies: HTML, CSS, JavaScript (frontend), NodeJS(backend), MongoDB(database)

A web application that provides a centralized platform to discover and register for student competitions. Designed to simplify access to skill-based opportunities for students.

2.Query Builder

Technologies: HTML, ReactJS(frontend), NodeJS(backend), MySQL(database)

A web application built on local host to fetch the data from database by using different queries which can be generated by user without any knowledge of SQL.

Technical Skills

- Programming Languages: C++, Java, Python
 - Web Technologies: HTML, CSS, JavaScript
 - Databases: MySQL
 - Tools: git, GitHub
 - Frameworks/Libraries: React JS
-

Certifications

- SQL and relational databases 101 By cognitive powered by IBM developer skill network
 - Offline internship on Java & DSA By Talentbattle
-

Co-Curricular Activities

- Add on course in C++ (Completed)
 - Full stack development with talent battle (Pursuing)
-

Extra-Curricular Activities

- Lead Anchor in College events
 - Training and placement volunteer
-
